RESPONSE TO RESTRICTION REQUIREMENT

Sir:

Responsive to the Restriction Requirement mailed September 26, 2002, Applicant elects claims 13-26 drawn to an ion beam process without traverse.

Should the Examiner have any questions or comments with regard to this election, a telephonic conference with the undersigned at the number set forth below is respectfully requested.

Respectfully submitted,

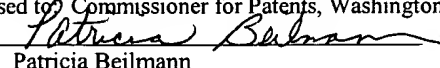

ROBERT O. GUILLOT
Reg. No. 28,852

PRELIMINARY AMENDMENT

Sir:

Applicant submits this Preliminary Amendment concurrent with Applicant's Response to the Restriction Requirement.

In the Abstract

Please delete the original Abstract and replace it with the Substitute Abstract submitted herewith on a separate page.

In the Claims

Please replace original claims with like numbered amended claims set forth below. A marked up copy of the amended claims is submitted herewith as Attachment A.

- WB
B2
AT
- 1 13. (Once amended) A process for fabricating a magnetic media hard disk comprising:
 - 2 fabricating a magnetic media layer upon a surface material of a substrate;
 - 3 fabricating a diamond-like carbon (DLC) layer upon said magnetic layer by:
 - 4 fabricating an initial thickness DLC layer portion upon said magnetic layer
 - 5 utilizing a relatively low ion carbon beam energy;
 - 6 fabricating a subsequent thickness DLC layer portion upon said initial thickness
 - 7 DLC layer portion utilizing a relatively high carbon ion beam energy.
